

New Source Code - IssaSoft Productions - RPG's, Adventure Video Games, Free, and more!

Written by Administrator

Sunday, 27 February 2011 11:54 -

I've added more source code to the website. Demon's Mantra II, Chicken Fighters 2012, and MoonBlade. To download, it will require a small donation (to help support the site and to give me compensation for all the hours I put writing the code). I will also post Chicken Fighters 2002 source code for free soon.
